MEMORANDUM FOR: Executive Director

FROM: Stanley Sporkin  
General Counsel

SUBJECT: Weekly OGC Report for the DCI/DDCI

ITEMS OF MAJOR INTEREST - 12 - 18 JUNE 1982

Former Spouses. The Senate Select Committee on Intelligence marked up and reported favorably S. 2422, the "Central Intelligence Agency Retirement and Disability System Spouses Equity Act of 1982." The Committee adopted a series of amendments addressing many of the concerns expressed in our earlier testimony on this legislation. The Committee's Bill would, for example, require that both the Agency officer and the spouse serve overseas for a minimum of five years in order for the presumptive pro rata retirement annuity sharing provisions to become effective. The House has included former spouses provisions in its version of the fiscal year 1983 Intelligence Authorization Bill. We expect that the final version of former spouses legislation will be worked out in House-Senate conference on that measure. [REDACTED]

DCI WEEKLY REPORT

EEO: The transfer of the EEO investigative function from the Office of Equal Employment Opportunity to the Inspection Staff has gone smoothly and is essentially complete. We are currently handling two EEO investigations and expect to receive another one shortly.

Office of Imagery Analysis: This coming week I will forward to you the inspection report on the DDI's Office of Imagery Analysis (OIA). The interaction between the inspection team and OIA was exceptionally good. Bob Gates shares this view.

25X1

Malfeasance: We resolved another of the recent spate of Agency employee malfeasance cases by obtaining an admission from the employee that she had forged signatures on travel vouchers and pocketed \$2,400. This has been reported to the Department of Justice by OGC, and Justice is considering legal action.
